

Hello Song

Leader: *Echo:*

Hel - lo there! Hel - lo there!

How are you? How are you?

It's so good It's so good

To see you To see you

We'll sing and We'll sing and

Be hap - py be hap - py

All together:
That we're all to-geth-er a - gain.

Once children are familiar with this song, use it as an opportunity to elicit solo singing. Sing a "leader" phrase, then use a "magic microphone" placed in front of a single child who will "echo." Move among the children to pick the solo singer rather than visit each in order. This will keep the children on their toes!

Eventually, children will be comfortable enough with solo singing that they will volunteer to be the leader for the song.
